MICROSOFT INTUNE APP SOFTWARE DEVELOPMENT KIT FOR iOS

These license terms are an agreement between Microsoft Corporation (or based on where you live, one of its affiliates) and you. Please read them. They apply to the Software Development Kit ("**software**") named above, which includes the media on which you received it, if any. The terms also apply to any Microsoft

- updates,
- supplements,
- Internet-based services, and
- support services

for this software, unless other terms accompany those items. If so, those terms apply.

By using the software, you accept these terms. If you do not accept them, do not use the software.

If you comply with these license terms, you have the perpetual rights below.

1. INSTALLATION AND USE RIGHTS.

- Installation and Use.** You may install and use any number of copies of the software to design, develop and test your applications that run on the iOS platform.
- Third Party Programs.** The software may include third party programs that Microsoft, not the third party, licenses to you under this agreement. Notices, if any, for the third party program are included for your information only.
- Feedback.** If you give feedback about the software to Microsoft, you give to Microsoft, without charge, the right to use, share and commercialize your feedback in any way and for any purpose. You also give to third parties, without charge, any patent rights needed for their products, technologies and services to use or interface with any specific parts of a Microsoft software or service that includes the feedback. You will not give feedback that is subject to a license that requires Microsoft to license its software or documentation to third parties because we include your feedback in them. These rights survive this agreement.
- Use of Development Tools or SDK for iOS.** These terms do not apply to any other development tools or software development kits for iOS. You are responsible for complying with the license terms that govern your use of those development tools or kits.

2. ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.

- Distributable Code.** The software contains code that you are permitted to distribute in applications you develop if you comply with the terms below.
- Right to Use and Distribute. The code and text files listed below are "Distributable Code."**
 - When you use this software to enable your application to be managed by Microsoft Intune, your enabled application will include libraries that are "Distributable Code." The Distributable Code includes application programming interfaces ("**APIs**"). Certain APIs are internal-use only and may only be invoked to test your application. Please refer to the Documentation to identify those internal-use APIs.
 - REDIST.TXT Files. You may distribute the Distributable Code identified in REDIST.TXT files.
 - Third Party Distribution. You may permit distributors of your applications to copy and distribute the Distributable Code as part of those applications.
- Distribution Requirements. For any Distributable Code you distribute, you must**

- add significant primary functionality to it in your applications;
- only include Distributable Code in an Apple-branded application that runs an iOS operating system;
- require distributors and external end users to agree to terms that protect it at least as much as this agreement;
- display your valid copyright notice on your applications; and
- indemnify, defend, and hold harmless Microsoft from any claims, including attorneys' fees, related to the distribution or use of your applications.

ii. Distribution Restrictions. You may not

- alter any copyright, trademark or patent notice in the Distributable Code;
- use Microsoft's trademarks in your applications' names or in a way that suggests your applications come from or are endorsed by Microsoft;
- include Distributable Code in malicious, deceptive or unlawful applications; or
- modify or distribute the source code of any Distributable Code so that any part of it becomes subject to an Excluded License. An Excluded License is one that requires, as a condition of use, modification or distribution, that
 - the code be disclosed or distributed in source code form; or
 - others have the right to modify it.

3. SCOPE OF LICENSE. The software is licensed, not sold. This agreement only gives you some rights to use the software. Microsoft reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. You may not

- work around any technical limitations in the software;
- reverse engineer, decompile or disassemble the software, except and only to the extent that applicable law expressly permits, despite this limitation;
- make more copies of the software than specified in this agreement or allowed by applicable law, despite this limitation;
